

Dear Future Third Graders,

The Third Grade teachers hope that you have a great summer vacation. We cannot wait to meet you next year. You are going to love third grade!

Over the summer, we want to encourage you to read books that interest you and talk to your family and friends about what you're reading. We also hope that you'll continue to practice the math facts and skills that you learned in 2nd grade like telling time, counting money, and skip-counting. You can even go on a scavenger hunt to find all the different polygons you've learned about this year. Please take advantage of using Lexia over the summer and into the beginning of the school year.

See you soon,

The Third Grade Teachers

# Third Grade Supply List 2023-2024

- 1 plastic pencil box (large enough to hold pencils, glue sticks, markers, crayons, and scissors)
- 5 two pocket **plastic** folders (one for each subject)

# Summer Math Checklist

Done	Math Activity	Done	Math Activity
	Skip count forwards and backwards by 6 up to 60.		What is the sum of 4,456 and 5,678?
	Calculate how long it took you to eat lunch.		What is the difference between 345 and 234?
	Measure your shoe to the nearest inch.		Measure in centimeters the length of a crayon.
	Do jumping jacks as you count by twos from 2-20 and back.		Write a word problem using the number 45 and 62.
	Look at the clock. What is the exact time?		Write a word problem using the numbers 100 and 50.
	Practice addition facts for 5 minutes.		What is the difference between 2,762 and 4,233?
	What is the value of the 5 in 5,678		Circle into 6 equal groups. X X X X X X X X X X X X
	Measure in centimeters the length of a spoon.		What is the value of the 3 in 2,345?
	Do squats as you count by fives from 5 – 20 and back.		What is the difference of 56 and 78?
	Go on a shape scavenger hunt. Find as many shapes as you can in your neighborhood or in your house.		Measure the length of a fork (in cm).
	Practice subtraction facts for 5 minutes.		Count you mom or dad's loose change (coins).
	Compare: Is 345 greater or less than 354?		Measure the length of a fork in inches.
	What is the sum of 45 and 89?		Write a word problem using the numbers 22 and 54.
	Bounce a ball as you count by fours from 4 – 20 and back.		Draw \$0.89
	Is 1,234 greater or less than 2,034?		Play a game on your computer or app.
